Accident Says Jury

Exonerate Wm. Carter, Colored, for Shooting Gabriel Williams, Colored

That the shooting of Gabriel Williams, colored, which took place shortly before 7 o'clock last Thursday night at Miller's brickyard, Fairfax county, several miles below Alexandria was an accident was the verdict by a coroner's jury which met last night at Shiflett's barber shop, 915 King street, presided over by Dr. T. M. Jones, coroner.

The shooting was done by William Carter, colored, a fellow workman of Williams, while they were playing

Chief of Police Goods testified that he visited Williams at the hospital and Williams told him it was accidental, Dr. Walter A. Warfield, who treated Williams, said that an hour before Williams' death, which occurred Monday night, Williams told him it was purely accidental. Carter told the jury it was an accident and gave the details of how it occurred. Constable A. J. Payne also told the jury Williams told him it was an accident. Others to testify to the same included Minor Coleman, Joseph Pollard, Elber Wood.

U. S. GIVES WARNING FOR POLES' FREEDOM

America's Readiness to Aid Allies Set Up—Just Borders Hinted

DIPLOMATIC SECRETS

Peace Conference Tending to Afford Bolshevik Regime Sign of Recognition.

Washington, Aug. 11.—The American government declared yesterday for the maintenance of the political independence and territorial integrity of Poland and against any dismemberment of Russia.

In a note addressed to the Italian Ambassador, Secretary Colby, speaking with the approval and consent of President Wilson, said the "United States took "no exception" to the efforts to arrange an armistice between Poland and Russia and would "regard with satisfaction" a declaration by the Allied and Associated Powers that the "territorial integrity and true boundaries" of Russia would be respected.

The government flatly stated, however, that it would not, "at least for the present," participate in any plan for the expansion of the armistice negotiations into a general European conference because it would in all probability involve two results from which the United States "strongly recoils," namely:

"The recognition of the Bolshevist regime.

"A settlement of Russian problems almost inevitably upon the basis of a dismemberment of Russia."

The note was in response to an "agreeable intimation" from the Italian Ambassador that his government would welcome a statement of the views of the American Government on the Polish situation. Much of it was devoted to a statement of the sympathetic feeling of the United States toward the Russian people. Reviewing past events as evidence of this sympathy, the Secretary of State discloses some hitherto diplomatic secrets.

Mr. Colby revealed that the American Government had withheld its approval from the decision of the Supreme Council at Paris recognizing the independence of the "so-called republics" of Georgia and Azerbaijan because part of them were carved out of the old Russian Empire.

It also was stated that the United States had taken the position that the final determination of the boundaries of Armenia, which the President has been asked by the Allies to fix, "must not be made without Russia's co-operation and agreement."

It was further disclosed that the United States had persistently refused to recognize the Baltic States, with the exception of Finland, a once independent nation, because it held that they were rightly a part of Russia and that the territory embraced in them should be held for the Russian people until they should have organized a stable government.

"We are unwilling," the note declared, "that while it is helpless in the grip of a non-representative government whose only sanction is brutal force, Russia shall be weakened still further by a policy of dismemberment conceived in other than Russian interests."

Secretary Colby's statement of the attitude of the American Government in the face of the threatened overthrow of Poland by the Russan Bolsheviki was unequivocal. He declared that the people of the United States were "earnestly solicitous" for the maintenance of Poland's territorial integrity and political independence.

"From this attitude we will not depart," he announced, "and the policy of this government will be directed to the employment of all available means to render it effectual."

Pillage and oppression of the Poles, he later declared, would remove Russia wholly from out of "the pale of the friendly interests of other nations."

The Secretary's note was accepted generally as evidence that the United States and Great Britain and France were at one in a determination to prevent the absorbing of the new republic into Soviet Russia. There apparently, however, was a difference as between

AT ORKNEY SPRINGS

Many Alexandrians Spending Vacation at This Resort

A beautiful masquerade ball was given at the Orkney Mineral Springs, Virginia, by the management on Saturday evening last. Among the Alexandrians present in costume, were Miss Edith Phillips, who looked very lovely as an "Old Fashioned Girl;" Miss Collins Jones, also very picturesque as "Little Red Riding Hood;" Miss Marie Gasson as "French Maid;" Miss Virginia Stonnell a "Swiss Flower Vendor;" and Miss Eleanor Buckman as "Sheperdess."

Following the ball a charming private supper was given by Mrs. Joseph Carr, of Newport News, who spent the early summer in Alexandria with her son-in-law and daughter, Mr. and Mrs. Gardner Boothe. Mrs. Carr's guests included Rear Admiral Beatty, United States Navy, Mrs. Beatty and their daughter, Mrs. C. H. Drayton, of Charleston, S. C.; Miss Peachy, Washington; Miss Powell, Baltimore, and Mrs. Meems, Mount Airy, Shenandoah county.

Miss Constrance Boush and Miss Collins Jones, of Alexandria, are now occupying Miss Boush's cottage at Orkney, where Miss Jones is entertaining a house party over the present week. Among the guests are Misses Eleanor Buckman and Marie Gasson Alexandria, and Miss Anne Gordon, Norfolk.

Labor Day Picnic

For Schools Under Y. M. C. A. Auspices

Squakers, crickets, balloons and horns are to play a big part in the mammoth Sunday School picnic to be given at the George Mason High School Labor day by the Y. M. C. A. This was decided at a meeting of the entertainment committee at the Westminster Building last night

Miss Corinne Reardon, chairman of the entertainment committee, is determined that the youngsters that attend this picnic shall never forget it. Consequently she has given orders that a liberal quantity of the noise making, ear-splitting delights of childhood shall be procured and placed in the novelties booth.

Miss Reardon outlined her program to the committee and divided the work so that each member of the committee would have plenty to do. The day is to be a busy one from start to finish. Three base ball teams are now asking for a tournament to decide the best Sunday School base ball team in the city, and the committee says they can have all the base ball they desire. Games will be scheduled for both morning and evening if necessary.

Miss Hilda Schneider was added to the entertainment committee by unanimous vote last night, and was asked to take charge of the entertainment of the primary department. Miss Schneider is associate director of the city playgrounds, and with the assistance of the primary superintendents of the Sunday Schools, she will no doubt furnish plenty of entertainment for the wee ones.

The chairman, Miss Reardon, announced one real innovation last night. She has asked each Sunday School to put on a "stunt" at the picnic requiring not more than ten minutes of time. These stunts are to be solely in the hands of the various schools and no announcement of their nature is to be made in advance. Three of the schools have already appointed their committees and they are at work on the "surprise."

NORTHERN POLISH ARMY CRUMBLING

Warsaw's Defenders Yield Soldav Sector Without Battle

DANZIG LINE IS CUT

Boshevik Cavalry Expected to Invade Corridor Soon—Poles Flanked Everywhere

Paris, Aug. 11.—General Weygand, of the French army, has been offered supreme command of the Polish forces by the Polish Council of National Defense, according to a Warsaw dispatch to the Havas Agency.

The decision was taken at a meeting of the body called to discuss the defense of Warsaw and the reorganization of the army.

London, Aug. 11.—Two members of the Russian mission left last night on board a British torpedo boat destroyer on their way to Moscow to urge the acceptance of the British terms with regard to Poland, says the London Times this morning.

Berlin, Aug. 11.—The north wing of the Polish army defending Warsaw, is dissolving under pressure of the fourth Russian army, says a dispatch to the Vossische Zeitung from the East Prussian frontier.

Accompanied by the first and second Caucasion artillery corps, adds the dispatch, the Twelfth, Eighteenth and Forty-fourth Russian divisions have crossed the foremost lines held by this north wing. The Russians are backed up also by eight infantry divisions and the third Caucasian artillery corps. Their movement supposedly is directed against Thorn.

Up to this time the former German boundary at the southern end of the Soldau sector has not yet been crossed by the Russian patrols. The Russian front, the dispatch indicates, now runs from Mlawa, a little southeast of Soldau, to Ciechanow and thence east to Rozan.

The Poles, it is added, have declined to give battle between Ostrolenka and the Bug River and have retired toward Wyszkow, about thirty-five miles northeast of Warsaw), where they are being flanked on the east. The Soviet forces have also advanced beyond Sokolow.

The dispatch says the Red cavalry is likely to invade the Danzig corridor at any moment and that it is tactically impossible for the Poles to leave their north flank exposed.

From Mariewerder, East Prussia, a dispatch to the Tageblatt says the Poles have evidently abandoned their intention to defend the Soldau sector to marshal all available forces for the defense of Thorn-Danzig Railroad which was repaired by the Poles in view of the cutting of the Warsaw-Danzig Railroad.

The advance of the Russian front beyond Chorzele (about forty-five miles west of Lomba), the Tageblatt's advices says, again enables the Soviet cavalry to resume its activities, having no longer to contend with the swamp regions.

In the opinion of the Voissische Zeitung's Marienwerder correspondent, avoidance by the Russians of the Soldau sector indicates they have no intention of violating the German boundary of 1914.

CAPT. L. N. DUFFEY IS POLICE JUSTICE

Appointment Made Today Following His Indorsement By Bar

BAR ASSOCIATION

Local Attorneys Decide to Organize—Committee Appointed—May Have Attorneys in Arlington County

Capt. Louis N. Duffey today was appointed police justice of the city to fill the vacancy caused by the death of Police Justice Luther H. Thompson. The appointment of Capt. Duffey was made by Judge Robinson Moncure, of the corporation court, following a meeting of the bar association of the city which meeting indorsed Capt. Duffey for the position.

Capt. Duffey immediately afterward was sworn in as police justice and he will assume his duties at once Since the death of Justice Thompson the place has been temporarily filled by Attorney Richard B. Washington.

Capt. Duffey is a lawyer and an ex-service man. He graduated in law in 1907 at George Washington University and took up the practice of law in 1912. During the world war he was captain of Company A, 116th Infantry and served overseas for fifteen months. Recently he reorganized the old Alexandria Light Infantry and is now captain of that company. Attending the meeting were thirteen members of the association of the city.

The meeting was presided over by James R. Caton and Albert V. Bryan was chosen secretary. H. Noel Garner placed in nomination the name of Capt. Duffey as being the choice of the association for the position and the motion was seconded by Richard B. Washington.

Following this action the members present decided to organize a local bar association. James R. Caton suggested such an organization would be helpful to all members of the profession in the city. A committee composed of Gardner L. Boothe, H. Noel Garner and Howard W. Smith was appointed to map out the details for such an organization and report at a meeting to be held in September.

It also suggested that a similar association in Arlington county be organized to become identified with or co-operate with the local organization would be a good thing and the foregoing committee will take up the question with a committee of attorneys from that county and report at the next meeting.

CHILD LABOR LAW GIVEN IN DETAIL

Commissioner Urges All To Co-Operate With Its Provisions

CONFUSION EXISTS

Bar Children Under 14 From Working—During Time School is Closed Children Over 12 May Work

Richmond, Va., Aug. 11.—State Commissioner of Labor, John Hirschberg, has issued a statement explaining in detail the operation of the Virginia law governing the employment of children. He urges all employers and the parents and guardians of children who may be employed to familiarize themselves with the provisions of the act and asks their co-operation in putting them into effect. Mr. Hirschberg's statement is as follows:

Some confusion, resulting from the existence of both State and Federal legislation on the subject, as well as from amendments to the State law adopted at the recent session of the General Assembly, has arisen in some sections of the State with reference to the employment of children. That this misunderstanding may be cleared up I desire to direct attention to the following provisions of the Virginia statutes covering this subject:

1. No child under 16 years of age may be employed in or about any mine or quarry.

2. No child under 14 years of age may be employed in or about any factory, workshop, cannery, mercantile establishment, laundry, bakery, brick or lumber yard, theatre or place of amusement, except however, that children over 12 years of age may be employed in fruit and vegetable canneries or in running errands and delivering parcels when the public schools are not in session.

3. In cities of five thousand population or over no boy under the age of 14 years and no girl under the age of 18 years may be employed as a messenger for a telegraph, telephone or messenger company, in the distribution, transmission or delivery of goods or messages, and no boy under 18 year of age, and no girl under 21 years of age may be employed between the hours of ten o'clock in the evening and 5 o'clock in the morning.

4. No child under 16 years of age is permitted to work more than six days in any one week, nor more than eight hours in any one day, nor before the hour of seven in the morning, nor after the hour of nine in the evening.

5. No child may be employed in any industry enumerated herein unless the employer has on file a certificate showing the age of said child. Such certificates are issued by notaries public and are based on the following of age in the order named:

a.—Birth certificates.

b.—Record of baptism.

c.—Bible record.

d.—Passport, immigration certificate, or life insurance policy. (The evidence under this head must have been in existence at least one yar.)

e. Certificate of a public health physician, giving the weight and height of the child and stating that in the opinion of such officer the child is of the minimum age required by law. WHY HE FAVORS COX

A writer in a cotemporary gives some very logical reasons why he is going to vote for Governor Cox in the election next November. He says:

Governor Cox, Democratic nominee for President, has outlined in his acceptance speech the policy which he and his followers intend to pursue if elected.

He promises, if elected to use every ounce of energy for immediate ratification of the League of Nations without hurtful reservations, which is the only preventative for a recurrence of another World War. If any reservations are adopted and accepted they must be in such a form as to guarantee the welfare of America and that of the world. America must not stand alone!

I do not wish to occupy space to criticize the acceptance speech of our Republican nominee, Mr. Harding, as I don't believe it is worth while because of the muddled language in which he outlined his policy In brief, I may quote it as unadulterated dishonesty.

You may judge from this brief article that I am in favor of a Democratic administration, but I wish to correct your imagination. I am not in favor of either, but I am in favor of the best and just party.

Countless thousands throughout the United States feel the same way the writer does and will line up strong and cast their ballot for Governor Cox in November and thereby vote for the best and just party.

RETIREMENT BILL

The Federal Retirement law, passed by the last Congress, and which goes into effect the 21st of August, shows that "Uncle Sam" substantially remembers his faithful servant and does not intend to let them drop in to their graves from their jobs, as many had been doing in recent years. The great United States Government, with its powerful army and navy and lending legislators of the world, now takes care of its civilian employes who have grown old in the service with the same liberality that has marked its attitude toward those who have suffered on the fields of battle. Fifteen years' service, when of the proper age, is all that is required to be a Federal pensioner, and every hour's time is counted in computing the total, whether you are a Democrat or Republican, or prohibitionist, Methodist or Baptist, Presbyterian or Lutheran, Catholic or Jew, male or female, white or black.

Like a piece of useful machinery, this law can be improved upon, and after it has been in use awhile experts may remedy any defects that may exist. As it now stands it is a good pattern for some organizations to copy after, especially those who draw the line on those who were so unfortunate as not to be "continuous," whether the cause was sickness or unemployment. Uncle Sam has no such proviso in his pension requirements.

LESS THAN 200,000 SLACKERS

The names of slackers under the Draft laws now number 175,911, and the War Department proposes to post these in the hope that this publicity will make it easier to find them. It has not had that effect in the case of Grover Bergdoll, the most conspicuous slacker of all; but probably few of the missing have either his ingenuity or his money. A roll of dishonor like this makes sad reading. There are greater offenses than evading military duty in the hour of national need, to be sure, but none more contemptible. The department could not in justice to those who answered the call let these delinquents go unpunished.

Yet the number of them is not so great as it seems. Out of the millions who did respond they are few indeed. It would not have been altogether surprising if many more had endeavored to escape the draft. Nothing precisely like it had been attempted on so large a scale in this country before. To many it seemed contrary to our national traditions. There was not the general enthusiasm for service which there would have been had the peril been closer to our shores, had an invading army threatened our borders. In some cases there was ignorance as to the scope and purpose of the law.

These are not excuses for the slackers, but explanations for their existence. If we consider how strong the forces of timidity, of inapprehension, of hostility, must have been the fact that less than 200,000 persistently evaded their duty is on the whole rather surprising. The young manhood of the Nation was sound at heart or there would have been a far larger proportion of slackers.

MOVIES

RICHMOND—BILLIE BURKE

"Wanted a Husband" with Billie Burke, as star, is the attraction tonight at the Richmond. It's a Paramount-Arteraft picture.

Billie Burke is a lonely girl who envies her engaged friends and decides to be engaged herself. So she invents herself a fiance—an English nobleman.

Then comes the time for her to make good and produce her fiance. Which puts her in a pickle. For there isn't such a man. And when she finds someone to play the part

But from there on the story is much too complicated to put into words. Of course all ends happily with a real fiance for Billie.

Billie Burke is at her best in "Wanted a Husband." So you won't want to miss this one.

Samuel Hopkins Adams wrote the story, and it appeared in Collier's Weekly under the title "Enter D'Arcy."

A two reel Fox Sunshine comedy "Her Naughty Wink" will also be shown.

At the Ingomar Augustus Thomas celebrated stage success, "The Harvet Moon," will be shown.

Employees in Richmond, Petersburg and Norfolk will share alike in the new plan.

Net profits for the six months ending June 30 aggregated $195,015, the distribution of which will justify an increase of 6 per cent. in the wages of all classified employees.

COMMONWEALTH OF VIRGINIA

Department of the State Corporation Commission

Case No. 1009
Case No. 1029.
City of Richmond, August 9th, 1920.

WHEREAS, amended and supplemental petitions in the above entitled proceedings have this day been filed by the Baltimore and Ohio Railroad Company, the Southern Railway Company, and other railroad carriers on behalf of themselves and all other steam railroads operating in Virginia, asking authority to make the following increases in intrastate freight rates and charges, passenger fares and charges, baggage rates, etc., in Virginia to correspond with similar increases authorized and ordered by the Interstate Commerce Commission on interstate rates, fares and charges under its decision in Docket Ex Parte 74:

1st. All passenger fares and charges to be increased twenty per cent (20) The term "passenger fares" to be considered to include standard, local and interline fares; excursion, convention and other fares for special occasions; commutation and other multiple forms of tickets; extra fares on limited trains; club car charges.

2nd. Excess baggage rates to be increased twenty per cent (20 per cent). Provided that where stated as a percentage of or dependent upon passenger fares the increase in the latter will automatically effect the increase in the excess baggage charges.

3rd. To impose a surcharge upon passengers in sleeping and parlor cars, the same to be made fifty per cent (50 per cent) of the charge for space in such cars, such surcharge to be collected in connection with the charge for space and to accrue to the rail carrier.

4th. All rates on milk and cream carried in passenger service to be increased twenty per cent (20 per cent).

5th. All freight transportation rates and charges, switching charges, charges for transit, weighing diversion, reconsignment, lighterage, floatage and storage (not including track storage) and transfer to be increased forty per cent (40 per cent.), that being the increase authorized in interstate freight rates and charges by the Interstate Commerce Commission in Ex Parte 74 within Official Classification territory, which territory, in said petitions, is said to embrace practically the whole of the State of Virginia. If authority to include the whole of the State of Virginia in the Eastern group taking an advance of forty per cent (40 per cent) in all freight rates and charges be not granted them, as an alternative the amended and supplemental petitions of the carriers seek authority to increase all intrastate freight transportation rates, switching and other freight charges above enumerated, to the extent of forty per cent (40 per cent) within that part of the State of Virginia lying on and north of the line of the Norfolk and Western Railway Company from Norfolk through Petersburg, Lynchburg and Roanoke to Bristol, including all branches of the Norfolk and Western Railway Company in Virginia between Norfolk and Bristol, and including also the line of the Virginia Railway lying south thereof and in that portion of the State of Virginia lying south of the line of the Norfolk and Western from Norfolk through Petersburg, Lynchburg and Roanoke to Bristol, but excluding the line of the Virginia Railway and the above mentioned branches of the Norfolk and Western Railway Company in Virginia, all freight transportation rates and switching and other charges above mentioned to be increased twenty-five (25 per cent); while joint and single line through rates between points north and south of the said dividing line are to be increased thirty-three and one-third (33 1-3 per cent) per cent.

IT IS HEREBY ORDERED, that said original petitions and the amended and supplemental petitions, upon motion of the petitioners be, and the same are, hereby consolidated and are directed to be heard together and that said petitions and amended and supplemental petitions be sent down for hearing on Monday, the sixteenth day of August, 1920, at ten o'clock A. M., in the court room of the State Corporation Commission in the city of Richmond, Virginia, at which time the commission will proceed to consider and dispose of and determine upon the propriety of granting the advance in rates, fares and charges, both freight and passenger, prayed for in said amended and supplemental petitions, and to consider any additions or changes therein as may be pertinent and proper, and will at that time and place hear any objections which may be urged by any person in interest to the allowance of the increases proposed, or to the entry of an order authorizing the advance in rates requested in said amended and supplemental petitions.

IT IS FURTHER ORDERED, that applicants shall cause to be published a copy of this order twice in newspapers of general circulation published in the following cities: Richmond, Roanoke, Lynchburg, Norfolk, Bristol, Staunton, Charlottesville, Danville, Alexandria and Petersburg.

LUMBER TRAIN IN WILD DASH DOWN MOUNTAIN

Bloomsburg, Pa., Aug. 10— Tearing down North Mountain, at a speed of more than 100 miles an hour, a runaway lumber train left the tracks at the entrance to the Nordmont yards, near here, today, jumped more than 100 feet through the air, demolished a dwelling house and landed in a creek bed.

The house stood some distance back from the tracks at a point where the railroad makes a sharp curve and enters the yards of the Nordmont tannery. Not a timber of the building was left in its place. Twisted and boken steel is al l that remains of the engine, while the four cars loaded with logs were smashed to kindling wood.

Weeds crushed by the wheels of the engine made the track so slippery that the brakes could not be used to hold the train. Knowing the train was running away, the crew set the brakes shortly after the train started on its wild dash and jumped. They escaped uninjured, the dwelling house which was demolished was untenanted.

HOSPITAL FOR 43-DAY FASTER

Detroit Grocer Reduced in Weight From 146 to 83 Pounds

Detroit, Aug. 10.— Tipping the scales at 83 pounds, the wasted frame of John Roenick, retired grocer, was taken from his apartments to a receiving hospital this afternoon at the request of friends when they learned that Roenick had not tasted food for 43 days.

Weakly protesting, Roenick declared that he had adopted the drastic treatment on the advice of physical aculturist to rid himself of the effects of auto-intoxication.

"I have fasted four times, with excellent results," he explained. "Once for 19 days, and two other times, once for 20 days and again for 39. I would have established a record of 45 days for myself if I had been left alone."

Roenick said that craving for food usually left him after the eighth day of fasting. When he started to fast Roenick weighed 146 pounds. At the hospital he tipped the scales at 83 pounds, having lost a pound a day.

Announcement

I wish to inform my friends in Alexandria as well as the general public that I have associated myself with the F. C. Goodnow Company, Real Estate Brokers, in the capacity of Salesman.

I have carefully examined their properties and am fully convinced that they offer the best possible opportunity in Alexandria for you to secure either a home already to move into or a building site upon which to build a home in the future.

I find that their home properties are exceptionally well designed and that the material used in them is of a quality very hard to secure today. Taking into consideration the material, workmanship and design of these homes, I am confident that I am able to supply you with a home for much less than it can be built at present prices for material and labor.

In addition to the above I was more than pleased with the terms of sale because I find that I can sell you a home not only for a low price, but for a small cash payment, in some cases as low as $500 and the balance just like rent.

I find that the Company has sold fifteen of their properties within the past 90 days, but I also find that a great many Washington people are buying.

I am so interested in this great home owning opportunity, that I am anxious to give the information to every one who would like to own a home.

Remember you only need a small amount of cash to start and the balance is just the same as paying rent.

I would like for you to call on me at 719 King Street, or phone 926, and I will call on you and explain the details of this great home owning opportunity.

Yours very truly

A Double Responsibility

—"Good morning, Mrs. Armstrong! What shall it be—some really *nice* soap? We—"

—"No, thank you. I have plenty. What I want is two bottles of Nujol."

—"Oh, that you'll find at the next counter. This is the toilet goods, you know."

—"But that's why I came right here. You have soap and tooth-paste and wash cloths in this show case—every single thing to keep our precious *outsides* clean and fresh. But our *insides* must get along as best they can until some Monday there's trouble—and then we cry for a doctor."

—"I'm afraid we are liable to forget what is not right under our eyes."

—"That's just it. But I've learned my lesson. I'd no more think of forgetting my tablespoonful of Nujol than I would my bath or my tooth brush. Two years ago, just before my little girl was born, I had almost every kind of constipation a woman can have. Of course I tried all the 'cure' laxatives—pills, salts, mineral waters, etc.—but they only made matters worse. I needed a stronger dose every time. Finally my doctor came in one day after I had one of my bad spells and took things into his own hands."

—"How, Mrs. Armstrong?"

—"He said: 'Your body is not getting rid of the food waste properly. It gets as far as your lower intestines—your *colon*—and there it stops and decays. The poisons arising from this waste are then carried by the blood throughout the body and do terrible harm. Those *remedies* you've been taking are drug *medicines*. The more you take the more you need. You have a double responsibility now and must be gaining strength, not losing it. Now I'm going to put you on a new treatment—the Nujol treatment'."

—"How interesting! And the effect?"

—"None—for the first two days. Then I began to be regular as clockwork."

—"Why, that's wonderful!"

—"It *is* wonderful. You see, Nujol works by an entirely new principle. Instead of forcing or irritating the system, it simply softens the food waste. This enables the many tiny muscles in the walls of the intestines, contracting and expanding in their normal way, to squeeze the food waste along so that it passes naturally out of the system. It prevents constipation because it helps Nature maintain thorough bowel evacuation at regular intervals, which is certainly the healthiest habit I know of. And besides that, it's absolutely harmless and pleasant to take."

—"It sounds like such a reasonable way to treat your system, Mrs. Armstrong."

—"That's it. I don't mind telling you privately that I'm just as proud of a clean system as I am of a clean face. And a clean system means a clean face, Miss Grey."

Nujol is sold by all druggists in sealed bottles only, bearing the Nujol Trade Mark. Write Nujol Laboratories, Standard Oil Co. (New Jersey), 50 Broadway, New York, for booklet "Thirty Feet of Danger".

Richmond—Call for a special meeting of the board of directors of the Richmond, Fredericksburg and Potomac Railroad probably will be issued in a few days to select a new president for the line to fill the vacancy occasioned by the death of William H. Danville—James B. Brooks, for more than two years past chief of the Danville Fire Department, resigned today following sensational stories of friction and misconduct in the department. It was asserted by Councilmen that Brooks' resignation was precipitated by an impending investigation of his department and his own official conduct. On July 1, Brooks was re-elected for a term of one year, despite spirited opposition.

Petersburg—Magistrate C. G. Pleasants has been appointed by Judge Mullen, of Hustings Court, as justice to celebrate the rites of marriage. This city now boasts of the only "marrying magistrate" in the State.

Richmond—The Virginia wheat crop is the smallest since 1914, according to the August report of the U. S. Bureau of Crop Estimates. The acreage is less than in any year during this period, and with the exception of last year, the yield is the lowest during the past five years. This year the total production is estimated to be 11,413,000 bushels, compared with 12,508,000 bushels last year and 12,600,000 bushels in 1918. The average yield per acre is 12.5 bushels, which is better than was expected several months ago, but less than the ten year average of 12.7 bushels. The yield last year was 11.8 bushels per acre.

Richmond—Mrs. Lenore Duke Chandler, wife of Dr. J. A. C. Chandler, president of William and Mary College, and former superintendent of the Richmond public schools, died early yesterday at her home in Williamsburg, following a protracted illness.

WHALE BREAKS SEA CABLE

Repair Ship Finds Dead Animal Tangled in Wires

New York, Aug. 11.—The story of how a whale became entangled in a cable of the All-America Cables Co., severing cable communication between Vera Cruz, Mexico and Valpariso, Chile, and finally died in its struggle for freedom was brought to New York by the cabe repairship Relay, now in dry dock here.

Some time ago the Relay was sent out to ascertain the cause of the interruption in cable communication. When the line was raised to the surface it brought with it a very dead whale hopelessly tangled up in several hundred feet of badly snarled cable. It is the first case of the kind known to the cable men.

CHILD LABOR LAW GIVEN IN DETAIL

(Continued from Page One)

of all children employed in any establishment must be posted in some conspicuous place accessable to the inpection of the Bureau of Labor and Industrial Statistics.

The child labor tax law of the United States in no wise obiviates the necessity of complying with the provisions of the Virginia law. The possession of an age certificate issued by the Federal authorities does not relieve the parties interested from having the state certificate as set forth herein. The law is specific on this subject and the officers of the State Bureau of Labor are without authority to make any exceptions.

It is not the wish of those in charge of the enforcement of these laws to prosecute anyone. On the contrary it is our desire to avoid that very thing if possible. However the laws must be enforced and the cooperation of both employers and parents is earnestly soicited, that the violations may be reduced to a minimum.

A WOMAN'S BACK

The Advice of This Alexandria Woman is of Certain Value.

Many a woman's back has many aches and pains.

Oftimes 'tis the kidneys' fault.

That's why Doan's Kidney Pills are so effective.

Many Alexandria women know this.

Read what one has to say about it.

Mrs. F. M. Entwisle, 1007 Gibbon Street, Alexandria, says: "The pains in my back were something awful and no matter how I turned I couldn't get rid of them. There was a sore and lame feeling and a heavy bearing-down ache in my back all the time. My head felt as though somebody were pounding it and I became very nervous. I had dizzy spells, too. The way my kidneys acted bothered me a lot and caused me no little pain. The first box of Doans Kidney Pills gave me relief and by the time I had finished the second one all my kidney trouble had left me; I was entirely cured."

Price 60c, at all dealers. Don't simply ask for kidney remedy—get Doan's Kidney Pills—the same that Mrs. Entwisle had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

What's done as much as anything else to fill up the movie houses

LOOK at the crowds that step out of their cars in front of the movies every summer evening.

The movie managers would be renting half of their theatres for store space, if it weren't for the automobile.

II

It is typical of Americans that they took to the automobile as a matter of course—just as they have to the movies and to every other great invention of the last half century.

And the same thing has happened everytime. *Taking things as they come* is a fine way to foster waste and extravagance.

As regards tires, the comeback is about due. People are pretty near through paying for something that *isn't there* when they look for it.

III

What a man pays for in a tire is *quality*—not a limited number of miles or the privilege of getting a rebate in case the miles don't come up to the limit.

U. S. Tires are guaranteed as to quality—*with no limitation of mileage.*

And that holds just as good for the *small car tire* as for the biggest U. S. Tire we've got. There's *only one* standard of quality with U. S.—and the size of the car has *nothing whatever to do with it.*

IV

We represent U. S. Tires in this town. You'll find it worth while to talk to us before you buy any more tires.

Select your tires according to the roads they have to travel:

In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.

For ordinary country roads—The U. S. Chain or Usco.

For front wheels—The U. S. Plain.

For best results—*everywhere*—U. S. Royal Cords.

DANCE AND KEEP BEAUTY, ADVISES QUEEN OF BALLET

"There is only one way to keep fit and that is to keep dancing," says Phyllis Bedells, of London, the most famous of British ballet dancers.

"Dancing will cure cold, stave off pneumonia, cure insomnia and depression, and do a lot of other extraordinary things beyond the reach of doctors.

"Ten years ago a woman gave up her dancing in her late twenties—the idea being that she had had her chances and if she married she must leave the field open to youth; or if were still single, she was 'on the shelf.'

"Today she has re-entered the field through the door of the dance and so she has regained her lost youth. For wonderful elasticity, lightness of heart and glowing health are the dancer's portion."

MOTHER CRUSHED TO DEATH BY OMNIBUS

New York, Aug. 11.—Mrs. Fannie Zolak, 35, of 21 Ruggers street, was on the sidewalk at Jefferson and Madison streets yesterday afternoon caring for her 5 months old daughter, who was in her carriage. One of the Madison street buses, attempting to avoid a collision with a motor car, veered onto the walk in the direction of the woman and her baby.

Uttering a scream, Mrs. Zolak gave her carriage a violent shove, and out of the path of the oncoming bus, but she was too late to save herself. The heavy car crushed her against a wall, killing her. The carriage was upset, but the infant suffered nothing more than lacerations

NEW SWINDLE ON SOLDIERS

Seeks to Get Money for Information on Burials in France

Exposure of what a War Department announcement characterizes as a "despicable swindle," by which the mother of a dead soldier was the victim, prompted yesterday a new warning by the department that relatives of the soldier dead should pay no money to any person or organization for information as to burial places in France. Inquiries addressed to the quartermaster general will receive prompt and courteous attention, the warning said.

In the case exposed the grave of the soldier was never located. The swindler told the mother he would visit Washington, if she would pay his expenses, and see what could be done. Later he reported success and that the body would be sent home. A brother of the dead soldier became suspicious, and by a personal call at the War Department found that no inquiry had ever been made.

DODSON KILLING USE OF CALOMEL

Says Drug is Mercury and Acts Like Dynamite on Your Liver

Dodson is making a hard fight against calomel in the South. Every druggist has noticed a great falling off in the sale of calomel. They all give the same reason, Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor an dambition.

DRY AGENTS ON TRIAL FOR MURDER

Roanoke, Va., Aug. 11.—Trial of Federal Prohibition Officers J. N. Wood and R. H. Drummond and Pittsylvania county officers J. W. Pugh and R. H. Wilmoth, charged with the murder of Hosea Thomas, a prominent Franklin county farmer and alleged bootlegger, began here Monday afternoon in the United States District Court. The first hours of the trial were taken up with opening statements by Counsel Jack Lee, of Lynchburg, representing the defense, and Herbert Dillard, of Rocky Mount, the prosecution.

FOUR ARMED MEN ROB TRAIN SHOOT STEWARD

Chicago, Aug. 11.—Four armed men last night held up the New York Chicago express train on the Pennsyvania Railroad, near Englewood Station, in the Chicago suburbs. A dining car steward, who resisted one of the bandits, was shot and wounded in the jaw.

The bandits are believed to have boarded the train at the Englewood Station and to have obtained a large amount of money and valuables from passengers. The train was delayed about 30 minutes. The wounded steward was taken to a hospital at Englewood.

The robbers jumped from the train between the Englewood and down town stations and escaped.

HAROLD B. WRIGHT MARRIED

One Month After Arizona Decree He Weds Divorcee

Los Angeles, Aug. 11.—Harold Bell Wright, maker of best sellers, had the "eyes of the world" fastened upon him today when it was announced here that last Thursday morning at San Diego he had secretly married Winifred Mary Potter Duncan, of Los Angeles. The marriage was performed by Justice of the Peace Jennings.

The noted novelist was divorced in Arizona about a month ago. The groom gave his age to the San Diego license clerk as 46; the bride said she was 35.

The bride, too, recently had been divorced. Mr. Wright's first wife, who was Frances E. Long, of Buffalo, is now residing at Santa Barbara. They were married July 18, 1899, while Wright was an obscure clergyman of Pittsburg, Kan. Wright's divorce was on the grounds of mental cruelty and the case was long in the courts.

DETECTIVE WAS HUNGRY; WAITRESS SERVES HIM RACING CARD

New York, Aug. 11.—A hungry New York detective walked into an uptown restaurant yesterday, undecided what to eat.

"What have you got that's good?" he asked the waitress.

He expected to receive a menu card, but instead, he said, the waitress placed before him a racing card with the names of several horses entered in the afternoon races. He placed a $3 bet on a horse to win and the waitress accepted it, he said.

Today the waitress—said to be the first woman arrested here on a bookmaking charge—was arraigned in court and held in $500 bail for trial.

Mr. Kahn's associates include the heads of cloth mills in northern France, who, despite the fact that their properties were ravaged by the German advance in the European war, apparenty still possess their fortunes.
